

THE RHODA McGAW THEATRE

The theatre seats 228 in 9 rows of raked seating. There is also room for wheelchairs at the front of the seats if necessary. The acoustics are excellent, as are the sightlines and legroom for the audience. The audience enters from the main foyer at the back of the auditorium, stage left. The foyer serves both theatres and the rest of the entertainments complex and is on 3 levels. The bridge from the Peacock's shopping centre, the car parks and the Box Office comes in at the top level. The Rhoda McGaw entrance is on the middle level and there is also an entrance from Gloucester Square (outside the Council offices) into the foyer at ground level.
